

Dear Sir,

Tuesday, March 31. 1780

I wrote to you yesterday relating to the Affair of your Letter to M^r Carmichael that you might know exactly the Truth of the Transaction. On Reflection I think it proper to add, that what I wrote was for your Satisfaction only; and that as the making it publick would give infinite Pain to a very worthy Man, M^r T. Grand, who would then appear in the Light of Delateur deson Frere; & it can serve no other Purpose but that of Vengeance on Sir George, and be of no Advantage to you I must insist on your Generosity, in keeping it a Secret to yourself. In this you will also very much oblige me, who would by no means have my Name publicly mention'd on this Occasion; and I depend on your Compliance. With great Esteem, I am ever, Dear Sir
